AN INTERNSHIP REPORT ON

"Tribute to LG"

Submitted by:

Prajwal M S [1VE18EC070 gowdaprajwal009@gmail.com]

Bachelor of Engineering

In Electronic and communication Engineering

Sri Venkateshwara College of Engineering, Bangalore-562157

Under the guidance of

Mr.Nithin K S

ABOUT THE COMPANY

IC Solution (ICS) is a digital service provider that aims to provide software, designing and marketing solutions to individuals and businesses. At ICS, we believe that service and quality is the key to success

We provide all kinds of technological and designing solutions from Billing Software to Web Designs or any custom demand that you may have. Experience the service like none other!

Some of our services include:

<u>Development</u> - We develop responsive, functional and super-fast websites.
We keep User Experience in mind while creating websites. A website should load quickly and should be accessible even on a small view-port and slow internet connection.

<u>Mobile Application</u> - We offer a wide range of professional android, ios& Hybrid app development services for our global clients, from a start-up to a large enterprise.

<u>Design</u> - We offer professional Graphic design, Brochure design & Logo design. We are experts in crafting visual content to convey the right message to the customers.

<u>Consultancy</u> - We are here to provide you with expert advice on your design and development requirement.

<u>Videos</u> - We create a polished professional video that impresses your audience.

TABLE OF CONTENTS

OVERVIEW OF THE PROJECT

Project Name: Tribute to LG

Team Members: PRAJWAL M S

                 SHOBITHA

                 PRADEEKSHA JAIN

This project is based on Web Development And its Applications. The main objective of this project is to learn the implementation of HTML, CSS and JavaScript. The basic webpage of this project is created using HTML and styling of the webpage is done using CSS.

This webpage is about one of the greatest companies of all time that is LG Company. LG is an Indian company, LG Electronics India Pvt.Ltd., a wholly owned subsidiary of LG Electronics; South Korea was established in January 1997 in India. It is one of the most formidable brands in consumer electronics, home appliances, IT hardware and mobile communication space. LG has taken an important step toward shutting down its mobile business. The last LG Phone has rolled off the production line and the company will no longer manufacture handsets. So here we have done a project to say thanks to LG mobiles, that is Tribute to LG on a webpage.

ABOUT LG

LG is an Indian company, LG Electronics India Pvt.Ltd., a wholly owned subsidiary of LG Electronics; South Korea was established in January 1997 in India. It is one of the most formidable brands in consumer electronics, home appliances, IT hardware and mobile communication space. LG Electronics is a part of the fourth-largest cabal in South Korea and its global sales reached US$55.91 billion in 2014. LG Electronics products include televisions, home theater systems, refrigerators, washing machines, computer monitors, wearable devices, solar modules, smart appliances and , formerly, smart phones.

LG has taken an important step toward shutting down its mobile business. The last LG Phone has rolled off the production line and the company wills no longer manufacture handsets. So here we have done a project to say thanks to LG mobiles, that is Tribute to LG on a webpage.

Why LG phones are discontinued

The reason why LG decides to quit is they faced Loss over several billion dollars in Mobile department. The are many reasons for loss

1. Pricing(they are not pricing competitively)
2. Innovation (am not saying they are bad at innovation , they are actually super excellent but they are innovating something for each and every mobile and not considering the innovation of previous Mobile, so developers also can't work well for that single Mobile)
3. Updates (updates are usually slow from there track records)
4. Naming (There is a big confusion in naming smartphone nowadays and LG is first of all , they will just name their smartphone with unusual order and very rare name which people can easily forget).

TOOLS USED

Software Requirements:

- Visual Studio Code2019.

- Google Chrome or Microsoft Edge of latest version.

- Front End: HTML, CSS, JS.

- Linux 7.1 or Windows XP/7/8/10OS or Mac OS

Hardware Requirements:

- Pentium 200-MHz computer with a minimum of 64 MB of RAM (128 MB of RAM recommended).

- Monitor with a refresh rate of at least 40Hz for a smooth GUI experience.

IMPLEMENTATION

Snapshots:

About my TEAM

Our team includes three members, I Prajwal M S as a team leader, Shobitha B, Pradeeksha Jain. We three as a team decided and assigned the tasks equally. So all three are equally worked in a team. Here Prajwal M S as worked on the JavaScript part, Shobitha B as done with a html code and Pradeeksha Jain as done with CSS part of the project. Than all three of them designed the report of the project.
